This policy applies to university personnel involved in establishing or changing
either Departmental or Miscellaneous Service Fees as defined below.

Departmental Service Fees

A department that offers a specific type of service to other university departments and
that charges a fee directly related to the cost of the goods or services provided.

Miscellaneous Service Fees

A fee charged to students, university affiliates, departments, or the public to cover the
cost of providing services. The rate of the fee should reasonably reflect the actual cost
to the university for the service provided.

When appropriate, consideration should be given to rates charged for similar services in
the community.

1. Departments May Establish Service Fees to Cover the Cost of Goods or Services
Provided to Internal or External Entities.

  c. Must fully or partially cover the cost of goods or services not currently funded by
the state or other revenue sources;
In addition to the above, a Miscellaneous Service Fee:

d. May be established to promote the self regulation or rationing of services (e.g. book replacements, late return services, fees for chemistry supplies, library fines).

3. **Each Department Wanting to Establish or Change the Amount or Purpose of a Service Fee, Must Follow Procedure PRO-U1400.05A.**

   b. Service fees that have not been approved cannot be charged in the upcoming fiscal year.

5. **The Signed Service Fee Form (FMAG–SFF) Must be Properly Retained in Paper or other Archival Form by the Respective Vice President’s Office.**
