2. **WAC 516-12-410 Purpose**

   The purpose of these regulations is:

   1. To facilitate the work of the university.
   2. To assign the limited available space for the most effective use.
   3. To protect and control pedestrian and vehicular traffic.
   4. To assure access at all time for emergency traffic.
   5. To regulate parking and minimize traffic disturbance during class hours.
6. To provide funds to maintain suitable parking facilities.

3. **WAC 516-12-420 Authority**

The board of trustees of Western Washington University is granted authority under Title 28B of the Revised Code of Washington to establish regulations to govern pedestrian and vehicular traffic and parking on the campus of the university. The administration of the parking regulations and moving violations is the responsibility of the public safety director.

1. All regulations in this chapter and all motor vehicle and other traffic laws of the state of Washington will apply on the campus.

2. The traffic code of the city of Bellingham will apply on city streets which cross the campus.

3. The public safety director is authorized to:
   - Issue and/or sell parking permits to employees, students, guests, visitors, and others when necessary, and to provide special parking for the physically disabled.
   - Impose and/or suspend traffic and parking regulations and restrictions when appropriate to the mission of the university.
   - Erect signs, barricades, and other structures to designate and mark the various parking or no parking areas on campus; and to paint marks and other directions on the streets and roadways for the regulation of traffic and parking.
   - Establish procedures, including time schedules and deadlines, to govern the purchase of annual, academic year, and quarterly permits, and to assign the limited parking spaces.

4. The authority conferred upon the public safety director under this chapter may be delegated by the public safety director to other personnel within parking and transportation services under guidelines established by business and financial affairs.

5. The university reserves the right to change or close, either temporarily or permanently, any campus parking area. Notice of change will be provided whenever practical.

4. **WAC 516-12-430 General Regulations**
POLICY

1. The registered owner(s) and operator of a vehicle or the person to whom a permit is issued involved in a violation of these regulations will be jointly and severally responsible for the violation.

2. All vehicles, attended or unattended, must display a valid Western Washington University parking permit when parked on the campus unless parked in a metered parking space (with meter payment) or a time-limited space.

3. Policy on assignments to parking lots will be established by the public safety director.

4. If a parking permit holder cannot locate a parking space in the assigned lot, he/she may park in the next nearest parking lot and then must call the parking and transportation services office. Motorcycle permit holders will go to the next nearest motorcycle lot.

5. The university reserves the right to refuse parking privileges to anyone who has

   - Had a permit revoked.
   - Falsified a parking application or registration.
   - Counterfeited or altered an area designator or permit.
   - Failed to pay outstanding citations.
   - Been identified as a habitual offender.
   - Been found to be in possession of or using a lost or stolen permit.
   - Removed a wheel lock without authorization of parking and transportation services.

6. The speed limit on campus is 10 mph or as posted. Vehicles must be operated in a careful and prudent manner at all times and must be operated in compliance with established speed limits. Drivers of vehicles must obey all regulatory signs and comply with directions given by members of parking and transportation services and officers of the public safety department in the control and regulation of parking and traffic.

7. The operator of a vehicle must yield the right of way to pedestrians crossing streets and roadways within the campus, and at intersections or clearly marked crosswalks or city streets which cross the campus. Pedestrians must not cross any street or roadway except at an intersection or clearly marked crosswalk.

   Pedestrians must utilize sidewalks where provided on streets and roadways. If no sidewalk is provided, pedestrians will utilize the extreme
left-hand side and move to their left and clear of the roadway or street upon meeting an oncoming vehicle.

8. Vehicles owned by or assigned on a permanent basis to administrative units on campus and bearing “E,” “B” or “M” license plates or a university insignia may be parked in “G” or “C” lots for brief periods while the driver is on university business. Long-term parking is not permitted, nor is any parking allowed in reserved spaces except when a space is designated for that specific vehicle. University vehicles may be parked in metered spaces provided that meter regulations are observed. Violations incurred will be the responsibility of the driver. All operators of these or other state vehicles will abide by all traffic and parking regulations.

9. No person may utilize any vehicle parked on campus as a living unit without specific approval from the public safety director. Violators will be cited and/or towed.

10. Vehicles are to be maintained in operating condition at all times on university property. Repairs will not be made on campus unless authorization has been received in advance from the public safety director. A vehicle which appears to be abandoned, with or without current Western Washington University registration or license plates, may be impounded after an attempt is made to locate and notify the owner of the impending action.

11. The university rents space to individuals who wish to park on campus and who are issued a parking permit. The university assumes no responsibility or liability under any circumstances for vehicles or bicycles parked on campus nor does it assume any personal liability in connection with its parking program. No bailment of any sort is created by the issuance of a permit.

12. The person who obtains a permit is responsible for assuring that the vehicle, regardless of who drives it, is parked in conformance with these regulations.

5. **WAC 516-12-440 Parking Areas**

   1. Parking is prohibited in any area not specifically marked as a parking space, designated by a sign, wheelstop, white/painted lines, and/or white traffic buttons.

   2. Vehicles will not be parked in any parking area without a parking permit for that area except as provided in WAC 516-12-430(2). Each parking area is posted to indicate the type of permit required and the times they are required.
3. Parking in a time-limited space is limited to the time posted or assigned.

4. Visitors will park only where assigned by permit or in metered visitor areas with meter payment.

5. Vehicles displaying valid permits for other parking areas on campus may not park in metered visitor lots except as provided in WAC 516-12-430(4).

6. Meters are available to serve short-term parking needs. They are in effect at the times posted at the location. During these times the meter must be paid the correct amount posted. "Feeding" meters is prohibited. That is, additional time cannot be purchased beyond the time limit posted on the meter (e.g., a two-hour meter will allow a maximum of two hours of purchased time, and the driver may not pay the meter again to park longer than the maximum time provided).

7. Motorcycles and moped-type vehicles will be parked in designated "M" (motorcycle) lots only and will not use space assigned to automobiles or bicycles, unless parked at a meter with payment.

8. Automobiles will not be parked in areas assigned to motorcycles.

9. Bicycles must be parked in bicycle racks where provided. (Chapter 516-13 WAC.)

10. Personal notes or business cards left on vehicles describing reasons for parking without a proper and valid permit or for parking in an unauthorized manner will not be accepted.

11. Spaces designated for specific use are restricted for that designated purpose or to assigned vehicles all hours.

12. Resident student "R" lots are restricted to permit holders 24 hours per day.

13. All parking spaces are defined by signs, painted surface lines, traffic "buttons," and/or wheelstops. All other areas are no parking zones. Using more than one space when parking is prohibited.

14. The fact that other vehicles are parked improperly does not constitute a valid excuse. Should an individual parked in violation of any regulation not receive a citation, it does not indicate that such parking is authorized, that the regulation is no longer in effect, or that a future ticket is invalid.

15. The fact that one vehicle is parked in such a manner as to occupy more than one parking space is not an acceptable excuse for another operator to do the same.

6. **WAC 516-12-450 Permits**
POLICY

Effective Date: April 21, 2004

Authority: WAC 516-12, 516-13, 516-14

1. Except as otherwise provided in this chapter, permits may be issued only to students, employees, and other members of the university community. Persons wishing to obtain parking permits are required to complete a registration form provided by parking and transportation services and pay the fee. Ownership of the parking permit remains with the university. Individuals are not allowed to transfer ownership. All permits reported lost or stolen should be returned to the parking and transportation services office immediately upon recovery. Possession or use of a lost or stolen permit or a forged permit will result in a fine, the vehicle being wheel-locked, and loss of parking privileges. Report the loss or theft of a parking permit to the parking and transportation services office immediately.

2. A valid permit means an unexpired parking permit authorized by the public safety director, properly registered and displayed on the vehicle.

3. Hanging parking permits are to be displayed from the rear-view mirror according to instructions on the permit. Other types of permits are to be displayed according to instructions provided by parking and transportation services personnel. A parking permit is not considered valid unless it is correctly displayed on the vehicle.

4. Motorcycle permits will be permanently attached to the top of the taillight. If taillight does not conform to current federal law, permits must be attached so as to be easily seen from the rear of the vehicle.

5. The theft or loss of a parking permit should be reported immediately upon discovery. A stolen permit will be replaced the first time at no cost providing a theft report has been filed with the public safety department. The second time the replacement fee will be $10.00; the third time $20.00; and thereafter at the original cost of the highest priced permit plus $5.00. A lost permit will be replaced the first time for $5.00; the second time $10.00; the third time $20.00; and thereafter at the original cost of the highest priced permit plus $5.00. Recovered lost or stolen permits should be returned to the parking services office immediately.

6. To enhance the business and operation of the university "all lots" decals or university business permits may be issued by the public safety director. Requests for all lots decals and university business permits require an annual completed supplemental application and the signature of the dean, director, or chairperson of the department with which the person is associated. Issuance requires purchase of a "G" parking permit and permits will be in effect the same period of time. These permits are valid for brief periods of time only when on university business and are not valid in metered lots, specifically reserved spaces, or small capacity lots.
7. Persons with a temporary or permanent physical disability who require special parking consideration must obtain a state disabled parking permit as well as a valid WWU disabled parking permit.

8. All permits are the property of the university and may be recalled by the public safety director under the following circumstances:
   - When the purpose for which they were issued changes or ceases to exist.
   - Falsification of an application or registration for parking.
   - Violations of the regulations in this chapter.
   - Counterfeiting or altering a permit.
   - Failure to comply with a judgment of the parking appeals board.
   - Failure to pay outstanding citations.
   - Removed a wheel lock without authorization of parking and transportation services.

9. Annual, academic, and quarterly parking space assignments will be available according to a schedule determined and publicized by the public safety director.
   - Annual permits are valid for 12 months.
   - Academic permits are valid for 9 months.
   - Quarterly permits are valid from the first day of the quarter for which issued until the first day of the succeeding quarter.
   - Those persons desiring to consecutively renew a quarterly permit for winter, spring, and summer quarters to the same parking lot as assigned for fall quarter may do so during the two weeks prior to finals week each quarter through the first two weeks of the next quarter. Permits may not be renewed for fall quarter.

10. Special permits may include, but are not limited to: Guest, service/vendor, temporary assignment, visitor, and loading permits authorized by the public safety director.

11. Faculty, staff, or students who have purchased a hanging parking permit but forget to place it on the vehicle they are driving to campus must obtain a temporary permit from the parking office or visitor information center. Those who have not purchased a permit must obtain a temporary permit from the parking and transportation services office or the visitor information center at the cost of a daily visitor permit. 12. Faculty, staff, or students who purchase an annual, academic, or quarterly parking permit may use the permit on any vehicle they drive but may not transfer ownership of the permit. The individual to whom a permit is issued is responsible for parking violations by any vehicle bearing the permit.

7. **WAC 516-12-460 Fees**

1. Fee and citation schedules will be submitted by the president or his/her designee to the board of trustees for approval by motion and will thereafter be posted in the public area of the parking and transportation services office.

2. Cost of permits will be prorated throughout the year according to type and date purchased and will be posted in the parking and transportation services office.

4. A service charge will be assessed for:

   - Change of permit when a lot transfer is requested by the permit holder and approved by the public safety director.
• Replacement of permits unless the old permit is returned in identifiable condition.
• Change in hours issued on a part-time permit.
• Salaried employees have the option of paying for parking through payroll deduction.
