I understand that:

- The university recognizes that rubeola measles poses significant health risks to non-immune individuals including death, disruption to university activities and operations, and expense to control.
- Providing proof of immunity to measles (rubeola) is a condition of employment at WWU.

I request a waiver to the requirement of providing proof of measles immunity for the following reason(s):

I certify that this employee has legitimate medical reasons for inadequate rubeola immunity.

If my request for a waiver is approved, I understand that if an official outbreak is declared, I will be:

- **Prohibited from physically reporting to work until is it determined to be safe to return, and**
- **Required to follow the policy and procedures regarding banned employees.**

I have been given an opportunity to ask questions about the vaccine, the titer and the proof of immunity policy concerning it. I have no questions or all my questions have been answered to my satisfaction.
