

INTERIM GUIDANCE

Effective Date: April 15, 2022

Approved by: Melynda Huskey, Vice President, Enrollment & Student Services
Joyce Lopes, Vice President, Business and Financial Affairs

Authority: Requiring Proof of COVID-19 Vaccination Status

GDL-U1300.02 REQUIRING PROOF OF COVID VACCINATION STATUS

This interim guidance is based on updates to the CDC guidance regarding COVID 19 and Section 2 of the interim University policy, POL-U1300.02 which states that Documentation of COVID-19 Vaccination Status is Required.

Effective April 15, 2022:

- All Western students and employees are required to provide full COVID vaccination and initial COVID-19 booster dose when eligible per CDC guidance.
- If eligible for initial dose, current students and employees must provide proof to Western by September 1, 2022.
- Current students and employees not eligible for a booster until after September 1, 2022 have 30 days after their booster eligibility date to submit proof of initial booster dose.
- Future student and employees must comply with the deadline in current policy, [POL-U1300.02, Requiring proof of COVID Vaccination Status](#)

Note: This interim guidance only applies to the specified above statement and does not change any other requirements of the current policy, including individuals with approved medical or religious exemptions being considered compliant with the policy.

Expiration Date: This guideline will expire on June 30, 2023 or upon implementation of updated/permanent policy covering COVID-10 vaccine requirement.
